HOBBY'S

Painting, Travel, Play with technology

Originally from China, I've lived in the Netherlands for over 12 years, blending Asian and European perspectives to enrich my professional and personal life.

With 5+ years of hands-on experience as a certified Salesforce Developer and Salesforce Administrator, I build smart, scalable solutions using Salesforce. Check more on my Experience cloud site: <https://wenbolliu-dev-ed.develop.my.site.com>

My skills span front-end development with Lightning Components and back-end programming with Apex. I'm a fast learner, creative problem solver, and adapt quickly to new environments.

Technology is more than work to me—it's a passion. I'm always exploring, growing, and staying ahead of the curve.
